

WINTER NEWSLETTER - 2021

San Diego, CA | Salt Lake City, UT

Power Plus Productions is geared up for the Holidays! As the busy Fall season winds down and we look forward to the new year, we want to take the time out to give many thanks to our loyal clients who have become a part of the Power Plus family over the years. These have been trying times for all, and we could not have done it without you. For that, we want to wish you and your loved ones a very Happy Holidays.

IN THIS ISSUE:

- Fresh Faces
- Keep on Truckin'
- Christmas Lights
- Utah Symphony
- Setting the Mood
- Block Party
- Concert Lineup
- BackBeats Staff

KEEP ON TRUCKIN'

We are adding 5 more trucks to our growing Power Plus fleet! Using our own transportation helps us to keep shipping costs lower so we can produce shows across the entire country at an affordable rate. Not only are we able to travel wherever we are needed, but we can do it in style!

FRESH FACES

The Power Plus team continues to grow. We added Jonathan Silva to our staff in California as the head of the Audio Department. In Utah, we welcomed Audio Engineers Chris Kaletta and Michael Murray, and Office Administrator, Heidi Hughes.

Heidi Hughes
Office Administrator

Chris Kaletta
Production Manager /
Audio Designer

Michael Murray
Logistics Manager /
Audio Engineer

Jonathan Silva
Audio Department
Manager

Here's something we don't see at our San Diego location! The Power Plus offices in Salt Lake City, Utah are getting in the holiday spirit by decorating for the season with a little help from Mother Nature.

CHRISTMAS LIGHTS

Christmas came early this year for Power Plus! We already have our order placed for the new Martin LED fixtures, but we also purchased more units of our existing lineup. We bolstered our tried-and-true Viper inventory with two dozen more Wash, Profile, and Performance moving lights. Along with 12 new Chauvet Strike 1 LED lights, we immediately put them all to use on a Keith Urban show.

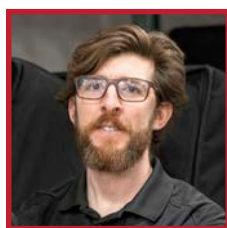

SETTING THE MOOD

Corporate conferences are back, and we are here to support them! In December, we set up for a fun corporate event with our friends at **IMS Technology Services**. A little ambient lighting can transform a space and completely change the atmosphere.

UTAH SYMPHONY

Following up on a highly successful Summer concert season, Power Plus is back to work this Winter with concerts and film festivals. Our team in Utah has had the honor of partnering with the **Utah Symphony** for their popular Holiday Pops series. Shoutout to our very own Travis "Perky" Perkins and Chris Saul for making this happen and making us proud!

DOWNTOWN BLOCK PARTY

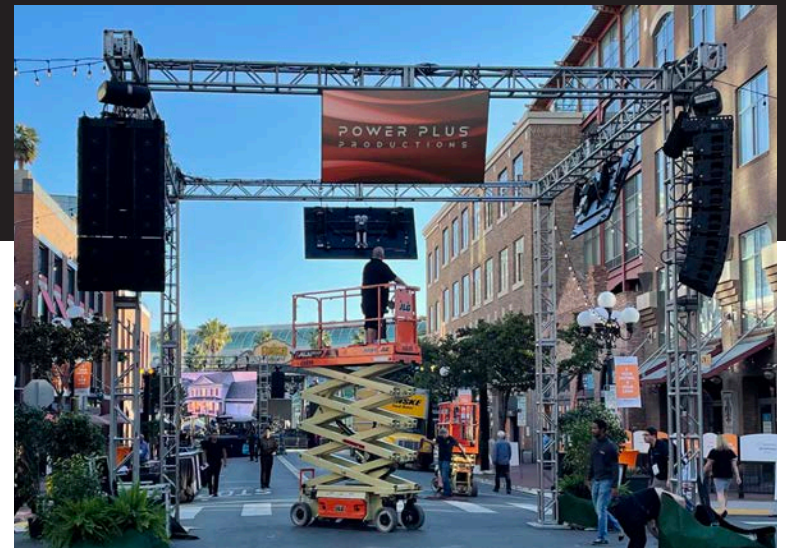

On Saturday, November 13, Power Plus helped supply a 5-block party for CoStar Group to celebrate their new platform, Homesnap. Thanks to our partnership with Pacific Event Productions, we were able to be involved from the initial planning process all the way through to the final execution of event.

The exciting VIP concert took over the historic Gaslamp Quarter of Downtown San Diego, where our 6 trucks arrived before sunrise to start unloading equipment and assembling the main stage. We provided audio, lighting, LED walls, video delays, cameras, rigging, and power. Our experienced crew worked throughout the day to ensure the elaborate set was completed with ample time for rehearsals.

Power Plus coordinated directly with the visiting Nashville crew to ensure all of our equipment was configured and ready to roll for the main event. Working hand in hand with our partners, the setup went smoothly and the event was a great success! After the show, we managed a quick load out and were able to return the streets to normal by 3am.

CONCERT LINEUP

It's been a wild year, but live shows have been slowly returning. With our expansion in Utah, Power Plus and BackBeats have been a part of a wide variety of concerts. Here are just a few of the acts we've supported in 2021!
